INTRODUCTION

At **Strategy Smart Program Consultancy (OPC) Pvt. Ltd.**, we provide end-to-end project management and project controls solutions designed to bring clarity, precision, and predictability to complex developments. Our expertise spans **Project Strategic Planning, Scheduling, Budgeting, Cost Management, Tracking, Monitoring, Auditing, Pre-Construction Quantity Surveying, Feasibility Studies, and Integrated Reporting Systems**—all tailored to meet the evolving needs of modern projects.

With extensive experience across diverse sectors, we help organizations establish stronger governance, improve decision-making, and overcome challenges related to real-time reporting, risk visibility, and performance communication. Our approach emphasizes structured planning, transparent controls, and technology-driven insights that enhance efficiency, reduce uncertainty, and ensure seamless coordination among stakeholders.

We offer flexible engagement models, including **remote PMO support, site-based deployment, and hybrid delivery**, enabling clients to access the right expertise at the right stage of their project lifecycle. Our core objective is to strengthen schedule reliability, optimize cost performance, and elevate project outcomes through disciplined processes and proven project management methodologies.

About Company

Strategy Smart Program Consultancy Pvt. Ltd. is a specialist Project Management and Project Controls consultancy delivering structured, technology-driven project governance across diverse sectors. Founded by **Mr. Prashant Chaudhary**, a project management professional with over **15 years of international and domestic experience**, the firm supports clients in achieving time-bound, cost-effective, and risk-aware project delivery.

Headquartered in New Delhi, India, SSPCPL provides end-to-end services in PMO. Our expertise extends across hospitality, mixed-use developments, commercial buildings, residential communities, and large infrastructure programs.

We utilize globally recognized platforms—including **Primavera P6, Microsoft Project, SAP (PS), and Power BI**—to enable accurate forecasting, transparent reporting, performance analytics, and data-backed decision-making. This ensures complete visibility and accountability throughout the project lifecycle.

Our team of experienced planners, engineers, and project controls specialists is committed to international standards of delivery, clear communication, and seamless stakeholder coordination. Whether through **remote PMO support, on-site deployment, or hybrid engagement models**, SSPCPL ensures flexible, scalable, and outcome-oriented solutions that align with the expectations of clients
